

BRITISH STILL HAMMERING FOE LINES

ALBERT REPORTED TO HAVE FALLEN AFTER FIERCE ALL-DAY FIGHT

Allied Forces Cross Ancre During the Night and Open Heavy Attack at Daybreak—One Thousand Prisoners Already Taken—Germans Retreating Between British Armies.

WITH THE BRITISH ARMY IN FRANCE, Aug. 22.—By The Associated Press.—There has been fierce fighting today along a large section of the British front south of Arras, virtually thru to the River Somme.

Again the British have been victorious. The battle north of Ancre raged all day while ten thousand yards south another British force which crossed the Ancre during the night and opened an attack at daybreak was driving steadily into enemy positions on the high ground between Bray-sur-Somme and Albert and had already captured a thousand prisoners.

Germans are retreating from the section between the two points where the British armies are hammering them and where they are threatened with being left in a pocket. The town of Albert is unofficially reported to have fallen into the hands of the British who are pressing the enemy hard.

Storm Enemy Positions
Along the Arras-Arras railway embankment and on both sides of it heavy fighting continues. On the northern half of the battle front the British stormed the enemy positions and captured them, inflicting terrible losses on the enemy. They then pushed eastward at various points. They occupied Hamelincourt trench, well to the east of the embankment and were reaching out similarly at other points at the same time beating down desperate attacks launched by the enemy in an effort to regain his valuable lost positions. A counter-attack this afternoon north of Courcellas was completely broken down by the British before the Boche gained a single foot of ground, despite his evident determination to do so. The value of the position along the bank can readily be seen. The country is flat and the railroad runs along the top of a high made to order ridge, which overlooks and controls considerable shell cleaned ground on either side of it.

South from Achiet-le-Grand to the Ancre the armies in battle have been sweeping backwards and forwards, attacks and counter-attacks being repeated again and again. British patrols have been in Miraumont but at the moment it appears that the British lines are actually a few hundred yards west of that town in the neighborhood of Beuregard and Dovecote on the road between Miraumont and Puisieux-au-Mont.

Heavy Attack Driven Off

Word has just been received that the Germans launched another vicious counter-attack against the British positions on the outskirts of Miraumont, but after sharp fighting were driven off. In the face of streams of bullets from blazing machine guns the German ranks withered or were dispersed. The British are still west of Achiet-le-Grand, but patrols have been in the town. The Boche counter-attacks here as well as at Miraumont were carried out by fresh troops which have been seen rushing toward the front from the rear in an effort to relieve General Otto von Below's harassed seventeenth army.

At Achiet-le-Grand the attacks were in such strength that the British retired for a short distance from the outskirts of the town and contented themselves with pouring bullets into enemy forces who in their eagerness to win something, no matter how small, rushed into the center of the target formed by the town.

Southwest of Miraumont the British at latest reports had the enemy with his back to the river Ancre.

Tanks have been working well to the front of the British lines almost everywhere. The battle was fought under a scorching sun, the churned ground, open shelled or without upper garments, the sweat streaming down their half naked bodies.

Heaps of German Dead
At many places heaps of German dead, mowed down by the British fire lay under a hot sun, with the usual debris which covers a battle field. Efforts are always made by burial parties to clear away the dead but within the zone of a roaring battle it is not often possible to accomplish this.

Total prisoners taken is uncertain, but it is known at least 3,000 have been captured. In comparison with those taken yesterday the prisoners today were tired, dirty, hungry and thirsty.

From Arras to the Somme the British and enemy guns are roaring away this afternoon on either side of the line as the British continue to hammer the enemy and the enemy stoutly resists. British airplanes are sailing under perfect summer skies and raining tons of explosives on the heads of the Boches. Fast tanks whenever possible dash thru and round up odd parties from the rear.

STATEMENTS

Official Communications Issued By Belligerent Countries Regarding War Situation.

ROME, Aug. 22.—In the Riferdo valley an enemy attack was repulsed the enemy retiring in disorder says the war office today. Our patrols drove back enemy reconnaissance parties south of Mori.

Five hostile airplanes were brought down.

BERLIN, Aug. 22.—via London.—The evening communication from general headquarters says:

Partial attacks occurred near Bailleul and south of the Lys. There has been vigorous fighting on the Ancre and the Somme.

"On the field where the fighting occurred yesterday northwest of Bapaume and on the front between Albert and the Somme, we reduced to failure attacks planned on a large scale by the British. There have been attacks by the French between the Aisne and the Aisne before our new positions."

PARIS, Aug. 22.—Numerous villages running northwest of Soissons have been taken by the French whose drive along the whole front continues, according to the war office announcement tonight. The most important of the places captured is Pommiers.

The statement says: "Our troops continue to advance along the whole front. We have reached the Divette river from its mouth as far as Evicourt. We have carried our lines to the outskirts of Quierzy.

"We have occupied St. Aubin, Seleng, Haguenau, Epagny, Bieuxy, Vauxcelles and Pommiers. The material abandoned by the enemy between the Aisne and the Oise is considerable. More than 200 cannon have been counted since August 20, Eastern Theater, Aug. 21: There was feeble artillery activity. British aviators bombed the region west of Denier-Hissar."

BERLIN, Aug. 22.—The official communication from General Headquarters today says: "In the Kemmel region enemy partial attacks on both sides of the Loere-Dranoutre road were repulsed.

"South of Arras the British began fresh great attacks. A British army corps and New Zealanders were brought into action in deep formation between Moyenneville and the Ancre on the direction of Bapaume. A British cavalry corps was held in readiness behind the front.

"Supported by the strongest artillery fire and several hundred tanks the enemy's infantry advanced to the attack on a front of about 20 kilometers. Their first onslaught broke down before our battle positions.

"In local counter-attacks we recaptured portions of strips of territory which had been taken by the enemy.

"Attempts of the enemy to cross the Aisne at Hamel were frustrated. A great number of cars which were seen shot to pieces are lying before our front.

"Between the Somme and the Oise the day was quiet."

LONDON, Aug. 22.—The town of Albert, eighteen miles northeast of Amiens on the Ancre river has been recaptured by the British, who also have obtained all their objectives in the fighting today between Bray-sur-Somme and Albert, according to the official communication from Field Marshal Haig tonight. Over the six mile front the British advanced two miles.

TAKE ALBERT
The text of the communication follows:

"In our attack between Bray-sur-Somme and Albert, we have been completely successful, capturing the whole of our objectives at an early hour and advancing two miles on a front of more than six miles.

"We have taken Albert.

"There was considerable resistance at certain points especially on the slopes north of Bray, the town itself not forming a part of our objective.

"We have captured over 5,000 prisoners in two days.

"We captured in Albert 1,400 prisoners and a few guns. In counter-attacks in the Mauraumont sector the enemy entered our positions but was driven out again. The same thing happened northeast of Achiet-le-Grand. Hostile attacks east of Courcelles and east of Moyenneville were also repulsed."

ESTABLISH COFFEE ROASTING PLANTS.

Washington, Aug. 22.—As a part of a plan of the quartermaster department to keep the American troops overseas well fed, the authorization for the establishment of sixteen coffee roasting plants in France has been approved by the war department and an order has been issued for immediate installation. Two French plants have recently been taken over. The installation of the plants in the quartermaster department expects to be able to supply American troops with coffee issued 24 hours after roasting.

WAR SUMMARY

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

The German line in France is still crumbling under attacks of British and French.

From Soissons to the vicinity of Lassigny the enemy has been visited with further heavy defeats. Farther north between the Somme river at Bray—south of Arras, Field Marshal Haig's men have continued their victorious thrusts. On no sector of the front have the German been able to stay their feet who have captured a large number of additional towns and vantage points which in the further prosecution of the offensive are of the utmost strategic value. Nowhere is the enemy being permitted to pause for breath. The armies of Haig, Mangin and Humbert are pressing their advance with a strength that brooks no denial.

Thousands of prisoners, numerous guns and machine guns and large stores of war supplies have been added to the stocks already in allied hands as trophies for their valorous work since the tide of battle was turned against the enemy by the commencement of General Foch's offensive on the Marne July 18. To the British alone in the past two days of fighting have come more than 5,000 prisoners.

In a new offensive begun by Haig from the north of the Somme to Albert an advance of two miles eastward already has been made over the six mile front. In this fighting the town of Albert on the Ancre the key stone of German defenses protecting the Germans of the Somme has been taken. Here the British made 1,400 German prisoners.

The Ancre river south of Albert is now in British hands. A serious round Bayr were in the line. Desperate resistance has been offered to the further eastward advance of the British in the sector immediately south of Arras where the important railroad town of Bapaume seems to be the immediate objective. Particularly heavy fighting occurred at Achiet-le-Grand, but also the town changed hands numerous times, the advantage belonging to the British at last accounts. Further important penetration of the enemy line had occurred and the British were operating well to the east of Bapaume-Arras railroad.

Under the further progress of the French armies which are in the vicinity of Lassigny to Soissons a mighty wedge seemingly has been driven in between the armies of General von Boehn and the German crown prince. Over the entire front the Germans have been further pushed back at some distances from two to three miles and in the retrograde movement the enemy was forced to abandon large numbers of guns. Now is now all but enveloped and the hill and wooded country in this vicinity almost cleared of the enemy. The Divette river has been reached and both the Oise and the Ailette rivers have been crossed and the onward thrust of the French on the eastern end of the line from Soissons northward seems likely to bring about shortly the outflanking of the important town of Laon and the forced retreat of the Germans from the Vesle river northward across the Aisne.

Viewed in all its aspects the allied offensive seemingly shows that General Foch now has the initiative entirely in his hands. He has now the but developed and the hill and wooded country in this vicinity almost cleared of the enemy. WAR DECLARED ON UNITED STATES BY BOLSHIEVIKI

U. S. Affairs Turned Over to Norwegian Consul

(By The Associated Press)
WASHINGTON, Aug. 22.—Despatches from Russia today were somewhat disturbing to state department officials. Vice Consul Robert W. Imbrie at Petrograd, reported members of Bolsheviki government had issued a pronouncement declaring a state of war between Russia and the United States. In view of the Bolsheviki declaration Mr. Imbrie reported in his despatch, dated Aug. 2, he had, following the recent action of Consul General Peole at Moscow, closed the consulate and turned over the affairs of the United State to the Norwegian consul. Americans in Petrograd believed to number about twenty, were warned to leave.

Appoint Councils.
Announcement in a despatch from France of the appointment of two international councils, one at Archangel and the other at Vladivostok, however, counterbalanced the unfavorable news contained in the despatch from Petrograd. Ambassador Francis as dean of the diplomatic corps will act as presiding officer of the Archangel council, the other members of which will be diplomatic representatives of the Allied nations.

The personnel of the Vladivostok council is not yet complete. Great Britain will be represented by Sir Charles Elliot as high commissioner at Vladivostok, Japan by Mr. Matsudaira and France by Eugene Regnaud.

Consul Caldwell will be the American member until President Wilson designates a representative. Persecution of the few Americans in Petrograd for ten days prior to Consul Imbrie's cablegram made state department officials apprehensive as to their safety.

Whether the Americans in Petrograd will be able to escape was doubtful, it was said despite the recent agreement with the Finnish government whereby Americans leaving Russia might have safe passage thru Finland.

Announcement by Secretary Baker today of the arrival of the thirty first regiment, regulars, United States Infantry at Vladivostok brings the military representation of the United States at that port to two full regiments.

SPECIAL SERVICE MEN MAY ENLIST IN ARMY

Men With Special Qualifications May Enlist for Service at Headquarters of General Staff.

Washington, Aug. 22.—Men having special qualifications for service at the headquarters here of the general staff of the army will be permitted to enlist and the orders suspending enlistments in the army, navy and marine corps have been rescinded to that extent, the war department announced.

Statistical draftsmen, statisticians, accountants, stenographers, typists, chemists, mechanical engineers, and men experienced in the textile industries are desired for service with the statistics branch of the general staff.

Men having deferred classification in the draft or above the present draft age, or men within the present draft qualified only for limited or special service are eligible for enlistment, which must be made on direct application.

OFFICERS NOMINATED FOR PROMOTION

WASHINGTON, Aug. 22.—Eleven brigadier generals of the army were nominated by President Wilson today for promotion to the grade of major-general. They are:

William H. Johnston, Beaumont B. Buck, William Wiegell, Robert L. Howe, Robert Alexander, John L. Hines, Grote Hutcheson, Walter H. Gordon, Eli A. Helmick, William Lassiter and William S. McNair. Brig. Gen. Jess I. Carter, chief of the militia bureau, also was nominated major general and Brig. Gen. Merritt W. Ireland was nominated as assistant surgeon general with the rank of major-general. Forty-two colonels, including Colonel Marlborough Churchill, of the general staff, chief army censor, were nominated brigadiers.

AUSTRIAN LOSSES.

London, Aug. 22.—Austrian losses on the British front in Italy between June 15 and August 15 were 20,000, according to advices received here. British casualties in the same period totaled 2,500 it is said.

SHORTAGE IN WAR WORK OF 1,000,000 MEN

Further Curtailment of Non-essential Production is Planned to Release Men for War Work.

(By The Associated Press)
Washington, Aug. 22.—The fact that there now is a shortage in war work of 1,000,000 unskilled laborers and that the reserve of skilled workers is exhausted developed at a conference of field agents of the federal employment service. Further curtailment of non-essential production is planned to release men for war work.

The labor shortage is so serious that completion of a number of important war projects for the army and navy is being delayed it was stated at the conference. The field agents decided that the only way in which the needed laborers could be secured was to take them from non-essential industry.

Following the industries which the district board, the first to make an announcement, has listed as non-essential:

Automobile industry accessories, drivers of pleasure cars, cleaning, repairing and delivery of same, sightseeing cars, automobile trucks other than those hauling fuel or doing government work; teaming other than delivery of products for war work; bath and barber shop attendants; bowling, billiard and pool rooms; bottlers and bottle suppliers; candy manufacturers, cigars and tobacco, cleaners and dyers, clothing, confectioners and delicatessen establishments; builders and contractors not engaged in erection of structures for war work; dancing academies, mercantile stores, florists, fruit stands, junk dealers, livery and sales stables, pawn brokers, peanut vendors, shoe shining shops, window cleaners, soft drink establishments, soda fountain supplies.

The enemy now has but a precarious hold on the valley of the Divette river, in which French cavalry is now operating.

Several thousand prisoners have been taken since Wednesday evening and trophies in such great quantities that it has been impossible thus far to count them all have been captured.

General Mangin's troops advanced seven miles during the night and this morning were rushing the enemy's rear guard so energetically that the retreating columns were thrown into confusion.

The fall of Lassigny at noon yesterday followed five days of incessant fighting in the trenches of the old positions which were abandoned by the Germans in March, 1917. Grenades, mine throwers and all other means of trench warfare came again into play and hand-to-hand fighting took place frequently. The German made a stout stand in Deville Wood which bristled with machine guns and made an almost impregnable position. A battalion of the famous chassours however, stormed the wood and took it yesterday morning thereby sealing the fate of Lassigny.

While the officer commanding the chassours at the head of his men and with a rifle in his hand, led them to the summit of the height to the east of Lassigny and planted the French flag there.

Thus Lassigny not only had fallen but its possession by the French was made secure by the encircling of a strong position from which the Germans might have delivered counter-attacks. In the fighting at close quarters and while the Germans were pressing hard at one point a superior numbers a French lieutenant fell while directing his men. The men were determined not to allow the body of the lieutenant to fall into the hands of the enemy. They had exhausted all their rifle and machine gun ammunition and grenades.

CASTING TOURNAMENT.

Chicago, Aug. 22.—The Tenth International Casting tournament of the National Association of Scientific Angling Clubs began today at Washington Park. The events on the card are the fly tackle distance fly, salmon fly and light tackle fly accuracy at unknown distances.

Dying dynasties insure a much larger degree of freedom in Central Europe.

Holland's position is certainly "between the devil and the deep sea."

Candidates are said to have been more numerous than sightseers at the state fair this year.

English naval vessels have safely carried nearly three-fourths of the American soldiers to France.

The Kaiser has claimed America was only bluffing. The man power bill will enable us to make our bluff good.

The steady stream of American soldiers to the front is having a marked effect on the advance of the allied lines.

Even the divorce courts are said to be doing a decreased business since the work or fight order, and liquor is getting so high priced that only the old soaks can buy a drink. Truly great changes are coming.

The increased tax on drugs added to present high prices will make restoration to health a very serious problem. It might be wise for the government to regulate prices on some of the necessary remedies.

Carter Harrison, five times mayor of Chicago is on field duty now with American forces in France, central division of the Red Cross. Mr. Harrison insists on paying his own expenses. That is the spirit that fits a man for mayor of Chicago or any old town.

General March advises against calling our soldier lads "Sammy." We agree with him. It ought to cease, but we never began it. Yanks is far more appropriate. It always has meant something. It will mean more after those soldier boys have "yanked" the Kaiser off his throne.

Attention has been called to the many old, dead or decaying trees around the city or immediate vicinity and the suggestion made that they be cut up and used for fuel. Within a few miles of this city are many trees torn up by a recent storm. Why not use them when the government has sent out orders to use wood for fuel where possible?

The primary election is less than two weeks away. Wednesday, Sept. 11 is the date. The candidates may arouse more interest than there seems to be at present. There should be a full vote. Important interests are involved in the state and every voter should thoroughly consider the loyalty and fitness of every candidate for legislative, congressional or senatorial position.

BRAVE WORDS.
"I would not have had him anywhere else. If he had been at home, with the great need that exists for real men over there, I should have been ashamed of him. I know he died bravely."—From the lips of a war mother of America when she first heard that her boy was dead in France.

THE NOBLEST IDEAS.

Carl Schurz was German born. He left that country when a young man and came to this. He enlisted for the Civil War. In 1870 he made a speech from which these extracts are taken and they ring with love and loyalty to America: "I, born in a foreign land, pay my tribute to Americanism? Yes; for to me the word 'Americanism,' true Americanism, comprehends the noblest ideas which ever swelled a human heart with noble pride."

KNITTERS.

George E. Scott, acting general manager of the American Red Cross, has issued the following statement:

"When the war industries board advised the Red Cross that future production of knitting yarn would be greatly reduced we immediately commenced to purchase all yarns suitable for our knitting. As a result we have today in stock or on order 1,400,000 pounds of yarn. It is hoped that we may obtain some additional yarn from wool unsuitable for government uses. The expected total, however, will be considerably below the 10,000,000 pounds used last year."

"In addition to this stock of yarn the Red Cross has ready for distribution 1,600,000 sweaters, 124,000 mufflers, 384,000 wristlets, 228,000 helmets, and 1,328,000 pairs of socks, a total of 3,674,000 articles of wear. We are hopeful, therefore, that these and such additional garments as we shall be able to make will enable us to meet the more urgent requirements of our men during the coming winter."

"From Sept. 1, 1917 to June 30, 1918, the Red Cross distributed 5,875,000 knitted garments to the army and navy. In the same period 870,000 knitted articles were sent to the Red Cross commissions in France and Italy."

"At the request of the war industries board we have urged chapters and individual workers not to buy wool in the open market but to secure their materials through our department of supplies."

elms or beeches such gents as may
offend; to show the world we're
law abiding, all forms of frightful-
ness abiding, should be our aim
and end. We chide the Huns for
being brutal, but protestations
seem quite futile, and we're
thrown out of court, if we take
ropes, some victim cinching, and
show him that the lawless lynching
is still our out door sport.
We're standing up for all things
moral; we've taken part in Eu-
rope's quarrel to set this planet
straight; we need clean hands,
and these we're lacking if to the
elm tree we go packing the hemp
for some poor skate. The time
spent at a lynching function,
where many men, in vain conjunc-
tion, throw golden hours away,
might balk the Kaisers Bill and
Charley, if it were spent in reap-
ing barley, or baling clover hay.
It is a waste of men to hang them;
far better round them up and
gang them, and send them to the
front; there they may scrap with
weapons staple, but dead guys

swinging from a maple can do no
useful stunt. This game, to which
we've been addicted until the
war is done; till this is done the
world will sass us, and view with
scorn, and doubtless class us with
Vilsoth and Hun.

BOARD OF EDUCATION
IN BRIEF SESSION

Names of Architects on New
Building Announced—Smoke-
stack Completed—A. C. Metcalf
President Pro Tem.

The board of education met in
called session last evening with
all members present except Mem-
bers Black, Pierson and Rapp.
President Lippincott in the chair.

Board of Lewis and Cleary, suc-
cessful bidders for supplying coal,
for \$3000 with M. F. Dunlap and
Charles B. Graf as sureties, was
accepted by the board.

Adviser Holman was here during
the day and the chief busi-
ness of the board was to select the
competing architects. From the
list sent in A. L. Pillsbury, Bicon-
ington; H. F. Spencer and Sons,
Chicago; J. W. Royer, Urbana;
Huggett and Emerson, Peoria,
and Messrs. Pierson and Bucking-
ham of this city were selected as
the ones to submit plans and
specifications for the proposed
new high school building.

As Mr. Buckingham is going to
to government work he has with-
drawn leaving Mr. Pierson of
Jacksonville and the four men
mentioned above. The plans and spec-
ifications are to be in by Sept.
19th.

It was decided, on recommenda-
tion of Member Hopper, that Mr.
Fisk receive \$60 for August as his
whole time has been devoted to
the work of the board.

The building and grounds com-
mittee announced that the smoke-
stack for the new boiler house
had been completed in thirteen
days.

The building and grounds com-
mittee were instructed to secure
permission from the city council
to lay the heating main and nec-
essary pipes across Jordan street
to connect the heating plant with
the buildings to be heated.

As President Lippincott is to be
absent a few weeks, Member Met-
calf was chosen president pro tem
during Mr. Lippincott's absence.

program last evening and then,
not satisfied with doing that much
good, the kind hearted gentle-
man who brought nine people to
the union Sunday School picnic
last week, invited the Journal
editor to ride to the city and it
was indeed a kindly deed fully ap-
preciated.

RED CROSS PICNIC
AT WINCHESTER

Large Attendance Made Event A
Success — Patriotic Program
Provided.

Winchester, Aug. 22.—The
Red Cross burgoon picnic held
here today was a great success.
The preparations had been along
the most generous lines and the
attendance not only from Scott
county but from adjoining terri-
tory was large. The committee
has secured ample donations of
fried chicken, pressed chicken,
cakes and other good things to
eat and while the demand was
large, it was not greater than the
supply. There were various
"athletic" and "stands," some
of them for the dispensing of re-
freshments and others to give
some idea of the Red Cross work.
At the largest booth soup was
served and a large corps of work-
ers was necessary to attend to
the wants of patrons. Ice cream,
cake, and soda pop were served
at other booths. "Swat the
Kaiser" was one of the several
special attractions designed to
raise money and visitors found
something to interest them all
the time.

The Scott County Red Cross
chapter had exhibit booths indi-
cating the work done in past
months and placards gave inter-
esting figures. These cards showed
that Scott county people have
made during the past year 20,
545 surgical dressings, 1,333
knitted garments, 1,768 refugee
garments and 844 hospital gar-
ments.

Patriotic Program.

As a part of the formal pro-
gram Rev. Mr. Sorensen, Luther-
an pastor from Bluffs, gave a
very eloquent address on Red
Cross work. A patriotic recitation
with the Red Cross as the theme,
was given by little Miss Mildred
Middendorf. Perhaps the feature
which the people most enjoyed
was the community sing at 2:30
in the afternoon, for in this part
of the program practically every-
body joined. The Merritt band
had been secured for the occasion
and furnished splendid music
both afternoon and evening.
The band, assisted by a special
chorus of twelve men and wo-
men, led in the community sing-
ing and the hour's program was
one of the very great patriotic
enthusiasm. The Pittsfield drum
corps of young women there, be-
ing 24 members in the organiza-
tion, came under the leadership
of Ben Brunswick. The mem-
bers of the corps furnished some
splendid music and their drill
work also added a pleasing fea-
ture to the day's events.

Last spring at the Red Cross
sale one egg brought in the
tiny sum of \$200
for the Red Cross fund. Yes-
terday the chicken hatched from
that valuable egg was sold and
\$55 more thus added to the fund.
Various articles were sold, in-
cluding a quilt made by an aged
Winchester woman, this article
bringing \$5. There was a some-
what unusual happening in con-
nection with the picnic when the
afternoon freight train was run
on a siding and all the members
of the crew went to the picnic
grounds for dinner.

Altogether the day was a suc-
cess and the committees felt re-
paid for their arduous work. The
financial figures are not yet avail-
able but it is known that a very
satisfactory sum was raised for
the Red Cross work.

News Notes.

William H. Brown, living in
the vicinity of Glasgow, was on
the picnic grounds today. He is
the son of the Black Hawk war
of 1878 and has two sons in the
service now, one in the 4th artil-
lery stationed in the Hawaiian
Islands, and the other somewhere
in France.

Miss Jennie Dugan who left
recently for a vacation trip to
Lake Matanzas, was taken sud-
denly ill while there and was
taken to Jacksonville and there
underwent an operation for ap-
pendicitis Thursday. Her friends
hope for a speedy recovery.

Miss May Heldig of St. Louis
is a visitor at the home of Mr.
and Mrs. Charles Hieronymous.

Mr. and Mrs. Roy Welch and
daughter of Beardstown are
visiting relatives here.

Mr. and Mrs. Fred Biernbrauer
of St. Louis are visiting Mr.
Biernbrauer's parents, Mr. and
Mrs. Franz Biernbrauer, and
other relatives here.

Cleve Emmons and family of
Chandlerville were visitors here
Thursday.

ANNIVERSARY OF
FIRST OCEAN STEAMER

First Steam Ship to Cross the
Ocean Was Launched One Hun-
dred Years Ago Today—Creat-
ed Great Excitement in Europe-
an Ports.

Washington, D. C., Aug. 22.—
Sixty years ago this month the
first cable message was sent un-
der the Atlantic between Europe
and America, and one hundred
years ago today was launched the
first steam vessel to cross the
ocean. The two anniversaries are
especially interesting at this time
in view of the vital part that the
great Atlantic highway and its
quick and safe navigation is play-
ing in the world war. The imagi-
nation can scarcely conceive the
fatal handicap that would face the
United States in her participation
in the war if there were no sub-
marine cables for the quick trans-
mission of intelligence and no
steamships for the speedy trans-
port of troops.

When the pioneer transatlantic
steamship, the Savannah, was
launched at New York on August
22, 1818, there were few who
realized the importance of the
event and the possibilities thus
opened up. The ship was regard-
ed as a novelty and its attempt
to cross the ocean was anticipat-
ed as an interesting experiment.
The Savannah was a vessel of
300 tons and her fuel capacity
was limited to 10 tons of coal and
25 cords of wood. She sailed
from the city of Savannah, Ga.,
on the 25th of May, 1819, bound
for St. Petersburg, via Liverpool.
She reached the latter port on
June 20, having used steam 18
days out of the 26, and thus dem-
onstrated the feasibility of trans-
atlantic navigation.

Approaching Liverpool, hun-
dreds of people came off in boats
to see the Savannah. On ap-
proaching the river the shipping,
piers and roofs of houses were
thronged with persons cheering
the adventurous craft. Several
naval officers, noblemen and
merchants from London went
down to visit the boat and were
very curious to ascertain her
speed, destination and other par-
ticulars.

The Savannah remained 25 days
at Liverpool and sailed for St.
Petersburg on July 25, "getting
underway with steam" and "a
large fleet of vessels in company."
The boat touched en route at Cop-
penhagen, where it excited great
curiosity, and also at Stockholm
where it was visited by the royal
family.

On the fifth of September the
steamer left Stockholm with Lord
Lynedock of England, who was
then on a tour thru the north of
Europe, as a distinguished pas-
senger. On the ninth she reach-
ed Croustad, having used steam
the whole passage, and a few days
later reached St. Petersburg.

The Savannah remained at St.
Petersburg until Oct. 19, and then
set sail on her homeward voyage,
"in company with about eight sail-
ing ships." She arrived at Sav-
annah on Tuesday, Nov. 30.

The voyage of the Savannah
was in every respect a success
and demonstrated the practical
possibilities of transatlantic steam
navigation. Nevertheless there
were many persons who held to
the opinion that the new method
of crossing the great waterway
would never be generally adopt-
ed. The argument most gener-
ally used against the innovation was
that a vessel had to carry so
much coal to make the trip that
it left no space for general cargo.
And, as a matter of fact, nearly
thirty years were to elapse after
the initial trip of the Savannah
before the first regular line of
steamships began plying between
America and Europe.

The history of the submarine
cable is much the same. Four
failures preceded the successful
laying of the first cable. The
first messages were sent on Aug.
16, 1858. For six weeks mes-
sages were exchanged between America
and Europe, but they were of an
experimental nature, and the
cable was never opened to the
public. At the end of six weeks
the cable broke down utterly.
Then seven years passed before
the work was resumed and the
famous Great Eastern made its
memorable voyage. The cable laid
that time passed after a single
trial, and then another year elapsed.
The broken ends were picked
up and spliced and from that
day in 1866 cable communication
under the Atlantic has not ceas-
ed.

AMERICANS MAKE ATTACK ON VESLE

Clear Out Positions Containing German Snipers—Make Positions More Secure.

WITH THE AMERICAN ARMY IN FRANCE, AUG. 22.—By the Associated Press.—The Americans made a local attack west of Fismes, on the Vesle river between Soissons and Rheims, Wednesday night. The attack rendered the Vesle holdings more secure and also resulted in the clearing out of a position from which German snipers had been causing the Americans considerable annoyance. The attack was preceded by barrage.

The Germans made a counter-attack at daylight this morning in an endeavor to offset the American success. The Americans, however, killed a number of the Germans, made fourteen prisoners and forced the remainder to flee in disorder.

In the attack by the Americans a substantial stone building formerly used as a tannery was occupied, most of the Germans having fled or been killed when the American barrage began. The tannery commands the Vesle bridges and other important points.

The Germans started their attack with a barrage, then the infantry endeavored to wrest the tannery from the Americans. Close fighting ensued. The Americans taking three prisoners at one place and eleven at another. The Germans during the day used Minenwerfers and machine guns at intervals, but made no concentrated attack and the Americans are holding the tannery and other positions which help to make their Vesle positions more secure.

CHIEF OF POLICE OF CHICAGO DIES

Chicago, Aug. 22.—Herman F. Schuetzler, chief of police of Chicago, died tonight in the hospital where he had been a patient for some months. Death resulted from a complication of diseases.

Chief Schuetzler, who was born in 1861, was one of the best known police officers in the United States. He was a central figure in many cases that attained nationwide publicity, among them the Cronin murder, the Luetgert murder and the Haymarket riots. His illness covered ten months. It began with a nervous collapse last winter and he went to Florida but on his return several weeks later was forced to enter a hospital which he had been unable since to leave. It was believed he was on the road to recovery until yesterday when he suffered a sudden relapse.

Green Bay, Wis., Aug. 22.—Before starting their daily work, employees of a large local dry-goods concern gather on the mall floor and for ten minutes sing "America," "The Star Spangled Banner," "Keep the Home Fires Burning," and other patriotic songs.

Then they kneel in prayer for the success of the Allied armies.

FAMOUS QUEBEC BRIDGE PASSES FINAL TEST

Structure Has Collapsed Twice During Course of Construction.

Quebec, Aug. 22.—The famous Quebec bridge over the St. Lawrence river, which collapsed twice during the course of construction, passed its final test yesterday when two trains weighing approximately 14,000,000 pounds were run out on the central span simultaneously.

The central span collapsed first on August 29, 1907, while it was being hoisted into place with hydraulic jacks, and 84 persons were killed. It collapsed again September 12, 1916, killing eleven persons.

The bridge, completed and ready for use, ranks as one of the world's greatest engineering feats.

DEBATE MAN POWER BILL IN BOTH HOUSES

Amendments Introduced by Senator Cummins—One Provides Work or Fight Order Shall Not Apply to Strikes.

Washington, Aug. 22.—Taking up the manpower bill changing the army draft limits to 18 and 45 years, both branches of congress today debated the measure with the leaders planning its passage by the house tomorrow and by the senate Saturday.

The bill was piloted in the senate and house by Chairmen of the respective military committees, Senator Chamberlain of Oregon and Representative Dent of Alabama. Arguments against calling boys of 18 and 19 were made by Representatives Fields, Kentucky, Meeker, Missouri, and others. Representative Madden of Illinois suggested it was more important to win the war than quibble over who should go first.

Senator Cummins of Iowa, offered provisions to postpone calling youths and men and also to modify the "work or fight" plan.

Senator France of Maryland, sponsored an amendment, prohibiting military service abroad for youths under 21 but providing for their draft for military or other training. A speech in behalf of the bill was made by Senator Reed of Missouri, who urged an army of 500,000 Americans in Russia at once and predicted this country ultimately must furnish 6,000,000 or 7,000,000 and undergo the severe hardships of a long war.

General debate closed on the bill in the house tonight and probably will conclude tomorrow in the senate.

Introduce Amendments.

Five amendments to the manpower bill were introduced in the senate by Senator Cummins of Iowa. One provides that the work or fight provisions is not to apply to strikes providing the strikers are willing to submit their dispute to the decision of a board designated by the president. Another proposes the registration first of men of 20 and between 31 and 35; second those of 19 and between 36 and 40, and third, if necessary, those of 18 and between 41 and 45.

Other amendments would permit the exemption of men engaged in "some other productive occupation, employment or business deemed necessary." Prohibit in draft ages to leave the country for more than a week in order to engage in labor elsewhere and provides that an adequate number of men should remain in civil employment necessary to produce supplies and other necessities.

GREEK MISSION ARRIVES IN U. S.

AN ATLANTIC PORT, Aug. 22.—Headed by N. G. Kyriakides and Archbishop Metaxakis, primate of the Orthodox Greek church, two special missions from Greece to the United States arrived here today on a French steamship. Mr. Kyriakides is chairman of a delegation bearing from the Greek government to that of the United States an expression of Greece's aims in the war. Archbishop Metaxakis, was sent here to form a bishopric of the Orthodox Greek church in the United States.

SUBMIT REPORT ON AIR CRAFT INVESTIGATION

Report of Senate Military Subcommittee Submitted.

Washington, Aug. 22.—The long-awaited report of the senate military subcommittee investigating aircraft production was submitted today with a scathing arraignment of delays in the early days of the war, a review of improved condition and recommendations for the creation of a new separate department of aviation with a cabinet officer at its head.

Failure to adopt successful foreign airplanes and motors, waste of millions of dollars of aircraft appropriations, dominance of the airplane program by inexperienced automobile manufacturers, "unsystematic and ineffective" organization and excessive profits to manufacturers are among criticisms made by the subcommittee, of which Senator Thomas, of Colorado, was chairman.

Disclaiming wholesale condemnation of the aircraft program, the subcommittee praised much that has been accomplished and predicted "we are approaching a period when quantity production of planes soon may be hoped for." The report is impersonal and says all questions of dishonesty or official corruption are left to the department of justice's inquiry, conducted by Charles E. Hughes.

While condemning chiefly failures under the former aircraft production board and signal corps control and noting great improvements since John D. Ryan and Major General Kenly were placed in charge of the production and military branches the committee strongly urges "one man control" in the future. Part of the blame for poor organization at the start is assigned to congress.

Stating that much can be said, "in extenuating of disappointments in aircraft production" the committee's long report details delays and failures, including transportation to General Pershing of defective machines during more than a year's effort to secure domination of the air on the fighting front.

RAILROADS WILL USE LARGEST AMOUNT STEEL

Announced Following All Day Conference With Steel Committee—Shipbuilding Next.

Washington, Aug. 22.—Railroads will consume the largest amount of steel required by the government, the war industries board announced tonight following an all day secret conference with the steel committee of the American Iron and Steel Institute. Shipbuilding industries come second.

The meeting was called by Steel Administrator Replonge to find means of meeting in full, if possible the steel needs of the government and the Allies. These demands for the past six months of this year already amount to more than 23,000,000 tons and rapidly are approaching the 25,000,000 mark. To remedy the shortage of steel which is so acute that actual requirements cannot be met unless drastic action is taken by steel producers and the government, according to officials, the following measures were determined:

Measures Determined.
First, greater conservation of mills to the production of steel required in the war program.
Second, increase in coal supply, particularly by-product coal available for mills engaged in war work.

Third, more rigorous conservation in the handling of steel in the mills is demanded of the steel industry. The steel representatives promised their utmost co-operation in meeting the government's demands and virtually pledged themselves to so increase their output as to guarantee meeting the war program.

G. A. R. ELECTION

Portland, Ore., Aug. 22.—C. E. Adams, of Omaha, Neb., was elected today commander-in-chief of the Grand Army of the Republic.

J. G. Chambers of Portland, Ore., was chosen senior vice-commander-in-chief. Other officers elected were:

Charles S. Haber, Virginia, junior vice-commander-in-chief; C. M. Ferrin, Vermont, surgeon-general, and Philip Nordell, Boston, chaplain-in-chief.

RECEIVE WAR CROSS

Paris, Aug. 22.—The Misses Emma S. and Katherine B. Lansing of Watertown, N. Y., sisters of the American secretary state, have been decorated with the French War Cross and cited in the army orders. The two sisters worked in the American Red Cross canteen at Eprenay during the recent bombardment and assisted in the hospital displaying marked heroism. They are the first members of the American Red Cross canteen to receive this honor.

HAPPY MEETING AT RAILWAY STATION

Berne, Aug. 22.—Neuchâtel railway station was the scene of a happy meeting the other day when a special train came in bringing back from Germany, a number of French civilians who had been deported from the North of France and detained in Germany since the beginning of the war. A French prisoner released and interned in Switzerland found among the passengers his wife and five children whom he had not seen since August, 1914, and of whom he had no news except a vague report that they had been deported.

JEWISH YOUTHS WILL REGISTER AUGUST 26

President Authorizes Amendment to Original Proclamation.

Washington, Aug. 22.—Because members of the Jewish Orthodox church object to registering for military service on their Sabbath, President Woodrow Wilson has authorized today that youth of the Jewish faith will not be required to register next Saturday with others who have become twenty one since last June 5. Their registration will be accepted by local boards on Monday August 26.

President Wilson has authorized an amendment to his original proclamation under which all persons adhering to religious sects which observe Saturday as the Sabbath may register on the 26.

A formal protest on the subject had been filed by the Association of Ordained Orthodox Rabbis.

THIRTY-THREE DEAD IN TYLER TORNADO

All of Dead Identified Except One—Thirty Business Houses Destroyed—Loss \$500,000.

Tyler, Minn., Aug. 22.—Tyler tonight presents a scene of death and desolation as a result of the tornado which struck the town last night. The death list was 33 tonight, all identified except one. Between 50 and 60 persons were injured, five of whom are in an improvised hospital seriously hurt. Thirty business houses and as many residences were demolished. Only four business establishments escaped the storm, which tore thru the town in a path of five blocks long and two blocks wide. The property loss is estimated at about \$500,000.

Search for bodies continued late tonight. Searchers worked all afternoon and into the night endeavoring to release a young man named Hammond who was caught beneath his home. He was rescued alive after being buried for more than twenty hours. His father who sat near him in their home was killed. A steam train struck was instantly killed.

One hundred and fifty persons who were in a motion picture show in the heart of the town miraculously escaped death or serious injury. Every building in that vicinity was demolished. Doors and windows of the theater were blown out but the stone building remained intact.

A test of metal standing near a two story building were blown upon the roof of the building. They were not scratched and exhibited excitement only when preparations were made to lower them to the ground.

GERMAN PRESS ADMITS TRUTH OF U. S. FORCES

Admission is Made That Secretary Baker's Figures are About Correct.

Amsterdam, Aug. 22.—By the Associated Press.—At last the German press has given up struggling against the truth. In a short notice which appears in virtually all the papers, the identical nature of which suggests official inspiration, the reluctant admission is made that Secretary Baker's figures regarding the strength of the American forces in France are about correct.

One of two papers adopted that lame explanation that their former figures were based on the position prior to May and that the really big shipments of men from America began since then. The papers now comfort themselves with the thought that of the 1,300,000 or more Americans, only 400,000 are actually in battle array with 300,000 behind the front lines and the remaining 600,000 are etaphen troops. (Engineers, railwaymen and general workers.)

MINE WORKERS APPEAL FLAT WAGE INCREASE

Ask Fuel Administrator to Order Discontinuance of Bonuses.

Washington, Aug. 22.—Officials of the United Mine Workers will appeal to fuel Administrator Garfield tomorrow to order coal operators to discontinue payment of bonuses to miners and substitute therefor a flat wage increase. This action was determined upon following an all day conference of mine district representatives with President Frank J. Hayes and other national officers of the United Mine Workers.

No definite wage demands have yet been formulated by the miners it was stated tonight but another conference will be held prior to the meeting with Fuel Administrator Garfield.

WILL CREATE TWO INTERNATIONAL COUNCILS.

Washington, Aug. 22.—In order to co-ordinate the efforts of the Allies and the United States in Russia, and official despatch from France today says it has been decided to create two international councils, one at Archangel, including the Entente and basadours under the presidency of American ambassador Francis, and the other at Vladivostok to be composed of five high officials.

On the Vladivostok council Great Britain will be represented by Sir Charles Elliot; France by Eugene Regnault, former ambassador to Japan and Japan by Mr. Matsudaira. It was said at the state department today that an American representative had not been named.

CREDIT MEN CONVENTION.

Boston, Aug. 22.—Sidney E. Blanford of this city was nominated president at the convention of the Retail Credit Men's Association today. St. Paul, Minn., was chosen the convention city for 1919. The convention will close tomorrow with election of the officers named today.

REORGANIZE SECURITIES

Chicago, Aug. 22.—The Aurora Elgin and Chicago railroad company, which furnishes transportation, power and light to the district west of Chicago, has undertaken to reorganize its securities program as a pre-requisite to further consideration by the war finance corporation, of the company's application for a \$219,000 loan.

It was announced here today that the company will create a new issue of \$1,219,000, three year 7 1/2 per cent collateral trust notes, dated Sept. 1, 1918 and seek to exchange about \$1,000,000 of these for outstanding notes due at earlier dates.

After giving three sons to the Allied armies, Mrs. Anne Smith of Ellis County, Oklahoma, has entered a business college at the age of 45 to prepare herself to take the place of some man who has been called to the colors.

NO DEFINITE REPORT

Washington, Aug. 22.—Absence of any definite report of activity today on the part of the raider Triumph, the converted steam trawler armed by sixteen members of a German U. boat's crew strengthened the belief held in naval circles that the vessel is no longer on the North Atlantic fishing grounds. While numerous dispatches were received during the day detailing the effects of the Triumph's raid into the ranks of the American and Canadian smacks and trawlers all dealt with sinkings which occurred yesterday and Tuesday night.

Washington, Aug. 22.—Extraordinary honors were paid Dr. Baltasar Brum, foreign minister of Uruguay on special mission to the United States on his arrival in Washington today, as a guest of the nation. Secretary Lansing with a squadron of cavalry, a battalion of infantry and a battalion of engineers met the visitor at the station and on the way to the home prepared for his reception the soldiers stood at attention on Pennsylvania avenue before the White House as the minister and his party drove by.

"With the Colors"

Letters of Interest from Jacksonville Boys in the Country's Service.

FROM WILLIAM ALLCOTT.

William L. Allcott writes enthusiastically to his friends at home as follows:

July 24th 1918.

My Dear Folks:- Just a few lines to let you know I am well and feeling great and hope you are all well too. Just finished a nice little washing today. Have gotten to be quite an expert along that line.

Am at the front and situated in fine shape, brick barracks, iron beds, and electric lights.

Am just about one and a half miles from a city. Today I have been on a long hike thru a beautiful country where a river flows, and we followed its course about five miles. Saw some very unusual things. Horses pulling boats, also saw many locks. Had a fine dinner in a city. Spent the rest of the afternoon looking at different places of interest.

July 25—

Have just received letters 14, 15, 16, 17, 18 today, and I was sure glad to hear from you all, for it has been quite a long time since I had had a letter from any one.

Enjoyed the clippings from the home papers. Sorry to hear of the fire that destroyed the Colonial Inn. Surprised to hear of Kathryn Brengle's and Millicent Rowe's marriages.

Saw the letter in the Journal of June 18th of Captain Carriel's. Sorry I missed seeing him as I was at the same camp with him, and if your letter had come two days sooner I would have looked him up. He has left that hospital and gone to the base. However, I expect I will see him some time, as I was over to his camp for supplies yesterday, but did not see him. Will most likely be able to run down again soon.

Yes, I am still in the aviation section. In regard to my work now, will say, have been doing a little bit of everything. Hope to get back to my cabinet work soon. So far our planes have not arrived. Every squadron has so many planes to look after. Just now I am cooking, one day on, and two days off. (I forgot to say that the fellow who cooks with me is from Chicago, and knew the bunch I went with.)

One day lately we made 600

doughnuts. Yesterday we took a trip of 75 miles thru the country for supplies. It sure was a wonderful one.

Glad to hear Tracy is over here and will try to hunt him up. As I have two days out of three off gives me some time to locate the boys. I had a letter from Russell McConnell yesterday. Also two from Uncle Abner. Found Andrews is just a short distance from McConnell, as well as Jay Rogers and Brownie Merriell. George Vasconcelos is Russell's mess sergeant.

Glad sister's kindergarten was a success.

Suppose Bernard Allen is over by now. Would sure like to see him. Haven't done any more Y. M. C. A. work since I left my last camp. I expect to be moved very soon again, and then I will be nearer all the Jacksonville boys.

No, the women on the posts are not nurses, just a type of the French people that are around the small villages or in other words the poorer classes.

Well, I must close for this time. Wish you would send me all your pictures. Write me when I sure do enjoy the letters.

Your loving son,

W. L. Allcott,
13th Aero Squadron,
American E. F.,
France.

FROM SERGT. VINCENT SIMS.

Mrs. F. A. Strong of 929 Ash and avenue is in receipt of following letter from Vincent Sims, of Co. L, 370th Infantry, A. E. F., in France:

July 28, 1918.

My Dear Friend:- You will doubtless be somewhat surprised to hear from me and to know that I am a participant in this horrible world war. The scenes here in France are almost indescribable, towns in ruins and everything deserted. But the old 8th regiment, now the 370th fighting unit of the U. S., doing her best and every colored person in the U. S. should love this regiment and even if they have not a son or brother in it should be proud of it. This regiment is the only colored regiment on French soil, officered wholly by colored men. This is a credit to the negro population of the whole U. S. A., not Illinois alone.

While we are fighting on Christian friends must do their bit by praying for us and the combination of fighting and praying will win the war. We have a song dedicated to our regiment by our chaplain, Rev. W. M. Braden, and it is great to hear the men singing it as they press forward. The title is "I Jesus Goes With Me I Will Go Anywhere." We are trusting in Jesus Christ, the prayers of ourselves and our friends, our gas masks, our rifles and bayonets and our strength. With these things there will be no doubt of our winning the war.

At present we have only lost one man and a few have been wounded. No one can tell who's time is next, for war is not play and there must be bloodshed to win freedom. I wish I could tell you all about the war but I am not permitted to do so. Don't forget to pray each day for the black men who are fighting this hard battle for independence and democracy.

I hope to visit old Jacksonville if I am among the lucky ones to return, but if I fail to return you

Social Events

Unity Workers of Woodson Church Met.

The Unity Workers of the Presbyterian church of Woodson met with Mr. Harry Glasgow Thursday afternoon. The regular business and devotional meeting was held and after which all enjoyed a social hour. Light refreshments were served. Those present were Mrs. Sam Rannels, Mrs. William Rook, Mrs. Jack Leach, Mrs. William Nichols, Mrs. Joseph Latham, Mrs. James Iram, Miss Grace Horton, Mrs. Harry Glasgow and Mrs. John Hoagland. The September meeting of the society will be held with Mrs. Leach.

Dear Folks:- This letter leaves me all O. K. and hope it finds you as fortunate. Guess you are kept busy reading the war news. There is a big drive on now and everything is favorable for the Allies.

We should be glad this war is not in our country, for where we are now located the country is literally torn to pieces. There is a good wheat crop here, as good as we have in Illinois, but there is no one to cut it. Hope you have good prospects for a bumper crop there.

I have changed quarters again since the last letter I wrote to you and suppose this accounts for the fact that I have as yet received no letters from home, but am expecting some at any time now. The Adams boy of Jacksonville received a letter from his folks yesterday.

Suppose you have heard Gen. Pershing's motto, "Home, heaven or hell by Christmas." I hope he is right. I will have lots to tell you when I get back home as we will have a great time then I don't want any France in mind after this war is over. The Allied forces are taking lots of prisoners now every day, and saw a bunch of 75 go thru here yesterday. I am eating lots of candy, jam and canned peaches these days which I get at whole sale prices.

The German army is sure ragged, judging by their looks. I saw old and young in their ranks and I don't believe they can hold up against the U. S. forces for we are just getting a good start. The French are hit pretty hard, judging from appearances here. This is about all I can write this time.

Your affectionate brother,
Marshall G. Walker.

FROM ZAR RANDOLPH.

The letter printed below was written to Miss Helen R. Clark of 211 North Prairie street by her cousin, Zar Randolph, a member of Co. B, 324th Infantry, A. E. F.:

July 29, 1918.

Received your letter, a few days ago and of course was glad to hear from you. I am feeling fine outside of a cold, and nearly all of the boys have colds much of the time as it has been so rainy and damp here of late. There is really little that I can write about. I have been in several countries since I left there, but to my mind there is none which comes up to the United States. England is a pretty country but some of the people are not so very agreeable to meet. The French are fine people and treat us like kings, but I do not like the country.

The life we are living over here isn't like home by any means, but we are having as good a time as you could expect under the circumstances.

We have enough excitement to keep a fellow thinking of something besides home, and when the shrapnel or high explosives shells are coming directly toward you your thoughts at that moment are about as far away from home as they could possibly be. All during the night you can hear the steady pecking of the sniper's shot here and there and if you stop and think that each one is meant for some one who was a little too careless and the least mistake might mean your next, but every thing is looking good now for the Allies. It really looks as if we will be back home before many months have rolled around.

I have enjoyed this trip so far altho we have had some pretty tough experiences, and I hope it will continue as interesting in the future as it has been in the past. I will be glad to hear from you any time you can find the opportunity to write. Will close for this time.

TITNED AT

Gordon. Funeral services for David D. Gordon were held from Gillham's undertaking parlors at 4 o'clock Thursday afternoon in charge of the Rev. W. W. Theobald. Music was furnished by Mrs. Cora Graham, W. W. Wharton and W. W. Gillham. Burial was in Jacksonville cemetery.

Hitt.

Funeral services for the late William D. Hitt were conducted from the residence of Mrs. E. H. McCoy, 124 Westminster street, Thursday morning at 10 o'clock. A very large company of relatives and friends had gathered for this tribute of respect to the deceased. The services were in charge of Dr. F. M. Rule, and following the reading of passages of scripture, the minister offered a prayer and made fitting reference to the many fine traits of character of the deceased. Several musical selections were given by Mrs. William Barr Brown, Jr.

The floral offerings were profuse and beautiful and these were cared for by Misses Nell and Grace Ferguson and Mrs. A. W. Jewsbury. Interment was in Diamond Grove cemetery, the bearers being W. Barr Brown, Al Jewsbury, Newton Gillham, Charles Taylor, George Hardwick and James Hermes.

Among those from a distance in attendance at the funeral were Mrs. J. H. Osborne of Chicago and Mrs. W. S. Howell of Bryan, Texas.

America's first woman bank president was Mrs. Annie McLean Fowler, for more than 20 years resident of a national bank at Mount Pleasant, Texas.

INSURANCE COMPANY MERGER IS ANNOUNCED

CLOVER LEAF INTERESTS ACQUIRE MICHIGAN CONCERN

Will Reorganize Into Million Dollar Company—F. H. Rowe is President and Other Local Men Directors—Clover Agents Can Now Write Old Line Life Insurance.

A telegram from Detroit Thursday afternoon announced an important insurance change whereby the name of the Peninsular Guardian Life Insurance Co., of Michigan became "The Clover Leaf Life Insurance Co.", and F. H. Rowe of Jacksonville was elected president. According to a statement made last night by C. Y. Rowe, acting secretary of the Clover Leaf Casualty Co., W. C. Bradish and E. L. Mitchell of the latter company have been elected directors of the Clover Leaf Life Insurance Co.

The announcement indicates that a merger is to take place at some later date and that the Clover Leaf company is now to write old line insurance. The Peninsular Guardian Life Insurance company was organized seven years ago and is a company which has been very conservatively managed and its affairs are in the most stable condition. The standing and class of risks the company carries has indicated the foresight of the management and provided the foundation for a large and prosperous company.

Merger Plans Long Pending.

The negotiations which have just been concluded whereby the men active in the local insurance company come into the control of the Michigan company, have been in progress for nearly a year past. Mr. Rowe and other officials of the company have made a number of trips to Detroit and Mr. Rowe has been in that city for several months at intervals during the year.

As indicated, the Peninsular Guardian Life Insurance company is an old line life insurance company and has a capital stock of \$225,000, with several millions of insurance on its books. The company's resources are ample and the Michigan insurance department has recently made an examination and found the company to be in excellent condition. The co-operation plans of the companies effective during the remainder of this year will give to the hundreds of agents of the Clover Leaf Casualty company in ten states the chance to write Clover Leaf Life Insurance on the old line plan.

Expanded Scope of Business

The Clover Leaf Casualty company has several hundred full time men writing industrial, health and accident insurance, and many more writing ordinary and commercial lines, and these men have been looking forward to the day when they could write old line life insurance under the same name and management.

The Clover Leaf Casualty company was organized in 1912 as the successor of the Mutual Health and Accident association, which began business five years earlier. Mr. Rowe and his associates have managed the company affairs with such vision that Clover Leaf agencies and policies are now widely known in Illinois, Indiana, Ohio, Michigan, Missouri, Oklahoma, Colorado, Georgia and West Virginia. The progressive management which has made the Clover Leaf Casualty company known throughout this extensive territory will now push the affairs of the Clover Leaf Life Insurance company over a similar or even wider area.

Detroit's Growth Rapid. Mr. Rowe and his associates have for some time been desirous of developing an old line life insurance company business and this merger affords the opportunity. They were led to acquiring the control of the Michigan company in connection with certain interests there, partially because of the remarkable business growth of Detroit. Persons at all familiar with the Michigan city know that in comparatively recent years it has grown in a really marvelous way and it ranks now as one of the four largest cities in the country. Because of the development, Detroit naturally becomes an attractive location for a life insurance company.

However, it has by no means been determined that the home office of the company will be located in that city, and Jacksonville people will hope that eventually the home office of the merged companies may be in this city, just as the home office of the Clover Leaf Casualty company is now located here.

The Local Office.

The company as now organized gives office employment to about fifty people and so it can be readily understood that when the merger plan of the life and casualty companies have been completed and a million dollar company organized, under the one corporate management, that a much larger office force will be required. But, as indicated, this question of office location has not been settled and for the remainder of the year the life insurance business will be conducted from Detroit and the casualty business from Jacksonville.

Mr. C. Y. Rowe said last night that the Clover Leaf Casualty Co. has recently added largely to its business and will have a premium income this year of over half a million dollars. He stated also that it could be put down as a certainty that, whether or not the home office of the merged companies is located here, that no plans were being considered for removing the casualty department from this city.

Mrs. Maude Howe Elliott, daughter of the late Julia Ward Howe, has been selected to deliver the memorial address at the meeting to be held in Boston by the Massachusetts Woman Suffrage Association in celebration of the centenary of Lucy Stone Blackwell, the pioneer American suffragist.

DOCTOR COULD NOT HELP HER But Lydia E. Pinkham's Vegetable Compound Saved Her from a Serious Operation

Brooklyn, N. Y. — "I suffered something dreadful from a displacement and two very bad attacks of inflammation. My doctor said he could do nothing more for me and I would have to go to the hospital for an operation, but Lydia E. Pinkham's Vegetable Compound and Sanative Wash have entirely cured me of my troubles and I am now in good health. I am willing to use my testimonial benefit other suffering women by so doing."—Mrs. F. Platt, 9 Woodbine St., Brooklyn, N. Y.

Operations upon women in our hospitals are constantly on the increase, but before submitting to an operation for ailments peculiar to their sex every woman owes it to herself to give that famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

If complications exist write Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice.

DOROTHY GRISWOLD HOSTESS TO CLASS

Entertained Members of Sunday School Class—Milburn Shaw Celebrates Birthday.

Bluffs, Aug. 22.—Milburn Shaw celebrated his 11th birthday at his home Wednesday night by inviting a number of his little friends to spend the hours between 7 and 10 o'clock with him. The time was spent in out-door games and in the cool of the evening they enjoyed themselves as only "boys" can. Refreshments of ice cream and cake were served by the hostess, Mrs. Charles Shaw and daughter, Miss Uleta. Milburn received a number of presents as tokens of the esteem in which he is held by his friends who wished him many more pleasant birthdays.

Miss Dorothy Griswold assisted by Miss Helen Oakes entertained her class of little boys of the M. P. Sunday school to a picnic in the timber southeast of town Tuesday afternoon. The merry picnickers enjoyed a welter roast and marshmallow toast and also the sensation of being caught in a heavy rain which lasted for about half an hour. After having spent the entire afternoon they returned in the evening full of gratitude for the kindness of their teacher and assistant and each hoped that they might have the pleasure of attending another at some future date.

Henry Sommers of Ft. Hill, Okla., is expected home in a few days on a furlough. His brother George is now in France.

Ed Walser of Jacksonville, Fla., who visited relatives in Bluffs, one year ago and who will be remembered by many, died at the hospital in Jacksonville, Fla., Aug. 15th, aged 18 years. He is survived by a wife, father and mother.

JUDGE JONES FIXES BAIL FOR SAM COOP

Judge Norman L. Jones heard the argument of attorneys on habeas corpus proceedings Thursday afternoon in the case of Samuel Coop of Virginia. Coop was held in the Cass county jail without bail on the charge of murder, having attacked Finia Maupin last week and inflicted injuries that resulted in death. Sheriff Sligh of Cass county and Mr. Petefish were questioned and Judge Jones listened to the argument of the attorneys. W. J. Gordley represented the state and Charles A. Gridley of Virginia and Thomas Masters of Springfield represented Coop. The court fixed the bond of Coop at \$3,000 which was furnished and he was released to await trial.

WOMAN THINKS SHE IS PRIVILEGED TO TALK

"If anyone ever had a miserable stomach I surely had. It was growing worse, too, all the time. Had severe pains and attacks every ten days or two weeks and had to call a doctor, who could only relieve me for short while. Two years ago last February I took a treatment of Mayr's Wonderful Remedy and I have not had a spell of pain or misery since. My friends just wonder that I am looking so well. I feel I am privileged to talk about it." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Coover & Shreve's East Side Drug Store, and druggists everywhere.—Adv.

VIRGINIA HOUSEKEEPER Tells of Remedy for Chronic Coughs

Crockett, Va.—"I had a chronic cough, was run-down, overworked and hardly able to keep about and do my housework, when my druggist asked me to try Vinol. I quickly improved and it has built me up in every way." Mrs. H. Honnshell. The reason we guarantee Vinol is because it is a constitutional remedy containing beef and cod liver peptones, it builds up the entire system and removes the cause of coughs and colds. For sale by all druggists.—Adv.

SUITS FOLLOW COLLISION

Charles H. Cobb and Robert Loving swore out warrants in Justice Dyer's court Thursday against Howard L. Robinson charging speeding and assault and battery. The men allege that on the night of August 10, Robinson ran into buggies driven by them with an automobile. Mrs. Loving was thrown out and a son riding with them is said to have been thrown under the horses heels and would have been seriously injured but for prompt action by his father. The vehicles are said to have been demolished. Mr. Cobb alleges damages to the amount of \$150 and Mr. Loving asks damages in the sum of \$275. The hearing is set for Aug. 29.

IS IMPROVING Mrs. O. E. Tandy who has been a patient at Our Saviors' hospital for the past two weeks, following an operation is improving and is able to see her many friends.

LOCAL PHYSICIAN IS ON PROGRAM

Dr. C. C. Cochran Will Present Paper on Special Diagnosis at Medical Meeting to be held in St. Louis in September—Elaborate Preparations for Entertainment.

Dr. C. C. Cochran will present a paper on special diagnosis at the Seventh Annual Meeting of the American Association of Progressive Medicine to be held at the Planters hotel in St. Louis September 12, 13 and 14.

The Allied Medical Association of America will meet at the same hotel September 11 and 12 with clinics only.

The business men of St. Louis are arranging for splendid entertainment for the visitors which will be interspersed with the program. Mayor Henry W. Kiel will deliver the address of welcome.

Hon. Fred D. Gardner, governor of Missouri, and Congressmen Igou, Meeker and Dyer have been invited, and have promised to attend a joint banquet at the Planters hotel on the evening of September 12th at 8 p. m.

A unique feature of the convention will be the souvenirs that will be given to visitors including not only delegates but all visitors both ladies and gentlemen.

The patriotic business houses of St. Louis and others throughout the United States have donated instruments, drugs and leather

goods and other articles ranging in price from \$1 to \$10. These will be given as favors to visitors. There will be no blanks, but everybody will receive a favor.

It is expected that the meeting will be one of the largest of the kind ever held. Dr. Cochran is secretary of the section of Pathology of the association and is very active in the work.

EAST STATE PAVING TO BE DONE THIS YEAR

Property Owners Join In Petition Waiving Grooved Brick Requirements—Materials Secured.

In order to make it possible for paving work to proceed on east State street a number of property owners became interested in circulating a petition waiving their rights to demand beveled or grooved brick next to the street car rails as provided in the specifications. The property owners mentioned circulated a petition to this effect and it has been filed with the board of local improvements. As has been previously noted, it is now impossible to secure the beveled brick and rather than have the pavement work held back for another year the property owners decided upon the petition and waiver of rights. A like action was taken with reference to South Main street and it will not be very long now until tarvias is spread upon that street and the paving work completed. The space between the rails has been paved for a number of weeks.

West State Street Last.
Mayor Rodgers said yesterday that it is the full intention of Contractor Bretz to begin the East State street pavement within a very short time and the work will be done before cold weather comes. As has been previously stated, the producing company has agreed to furnish materials for the paving of South Main and East State streets and the state and national governments have both given their approval for the use of the materials. It now seems that East State street and South Main street are both to be completed before the West State street paving is done. The space between the car tracks on West State street cannot be finished this year unless the property owners take action of like kind to that of the East State and South Main street property owners, permitting the omission or beveled brick.

Petition Filed.
The East State street petition, addressed to the board of local improvement and Contractor Bretz, is in language as follows:

The undersigned owners of property fronting on East State street in the City of Jacksonville, hereby waive the right to require the pavement of said street on the right of way of the Jacksonville Railway Company by the use of beveled or grooved brick as provided in the specifications and contract for said pavement; and consent the said pavement on said Right of Way on said street be constructed of ungrooved brick of the first class quality substantially as the same has been laid on West State Street and South Main Street in the City of Jacksonville, Illinois.

This Waiver is granted on condition that the work of paving said East State Street on said Right of Way be proceeded with at once and be completed as material can be obtained for the purpose.

WHITE HALL BOY MADE LIEUTENANT

Charles Wenken Now Wears Shoulder Straps.

White Hall, Aug. 21.—Charles Wenken, who went to France with the first American Expeditionary Forces, writes to W. S. Corsa at White Hall as follows, under date of July 28th:

"Here goes for just a few lines to let you know that I am still in France, looking for a chance to kick H. out of our friend Willie. Willie has been a bad boy, and now he must be spanked. We have been very busy fixing up our cat-o-nine-tails, and are just about ready for business again.

"After a few weeks vacation and hard work at Saumur, I am again on the firing line with a new outfit and in a new capacity. I am now a Lieutenant. Of course a 'shave tail' doesn't rank very high, but he has a few more comforts than an enlisted man. I thought maybe you would like to know that the latest boy who ever worked for you could fight if he would do nothing else.

"I have seen some fine country of late, and really enjoyed traveling first class and eating and enjoying myself in the best places to be found. Yes, it is worth while all right.

"How are things at the farm? I see lots of fine horses over here, but the U. S. is sure a wonderful place.

"Chas. F. Wenken,
"Bty. C., 305th F. A."

DR. LANDIS RETURNS FROM EAST

Dr. E. B. Landis, pastor of Westminster church, returned to Jacksonville yesterday after a vacation of a month spent mostly in Washington, D. C., and vicinity. Mrs. Landis and sons are still there visiting relatives and will return in the course of ten days. Much of Dr. Landis' time was spent in visiting cantonments in the vicinity of the national capital. He was called upon to speak a number of times before assemblies of soldiers and there were demands upon him also for hospital visitation.

The returned pastor said last night that nothing on his trip had more impressed him than his visit to the great ship-building yards at Philadelphia. At Hog Island the entire 15 mile water front is devoted wholly to the ship-building industry and it is really marvelous to contemplate the vast work in progress.

A. R. MYRICK ON FURLOUGH.
A. R. Myrick, down from the Great Lakes Naval Training station on a five days' furlough. He is in the machinist branch of the naval service work and is expecting soon to take a three months' course of study with the purpose in mind of qualifying as an instructor. Mr. Myrick's previous naval experience is of value to him now. He served for more than three years in the navy, most of the time in the coast service. He was on the same ship that conveyed President Taft to Cuba at the time of the uprising there and had previously been in service on a vessel which carried President Roosevelt to Cuba.

RED CROSS NOTICE.
The Red Cross shop, Public Library building, will be open mornings until 12:30 during the chautauqua, but not during the afternoon hours. There will be a Red Cross work tent on the chautauqua grounds which will be open all day. Workers from the various departments of the Red Cross will be in charge and will explain all branches of the work. There will be exhibits from each department showing what is now being made on quotas. The public is cordially invited to visit the Red Cross tent.

AUTO TRAVELERS.
A short line of automobiles containing a merry party drew up in front of the Modern Garage yesterday to take in supplies before proceeding on their way. The occupants were C. P. Pritchett and family, Glenn Scott and family, John Pritchett and family, Lloyd Weaver and family of Frankford, Missouri. They had been attending the state fair and visitors and were on their way home. They were courteous and polite and all pleasant to meet.

RETURNED FROM CAMP TAYLOR

Mr. and Mrs. H. H. Hansmeier, W. M. Rexroat and Dessie Webster have returned from an auto trip to Camp Taylor. While at the camp they saw a good many Morgan county boys and all were well and in good spirits. They took in Indianapolis on the way there and enjoyed the whole trip.

With vast throngs of good natured people, stirring music, superb moving pictures of the war in France, a beautiful, white tented city, every possible effort and appliance for comfort and convenience, the Jacksonville Chautauqua of 1918 was launched Thursday evening and the beginning is all that the most ardent friends and champions could desire.

The mammoth tent was well filled last night and all who failed to attend missed a rare treat. Prof. Gilbert appeared on the platform and was roundly applauded as he came before the foot lights. He said it wasn't the program for him to show up but he felt like the bashful bridegroom at the wedding. The mischievous guests, knowing the poor fellow's great diffidence, insisted on a speech from him after the ceremony. He refused till refusal could be taken no longer and then tremblingly arose and laying his hand on the shoulder of the blushing bride said:

"You all know my ability to make a speech and this thing has been thrust upon me."

The people demanded a sight of him and were glad to greet him.

The canteen girls in their handsome uniforms sat on the stage and were highly complimented by Prof. Gilbert.

With Mrs. Bullard at the piano the young ladies sang "Battle Hymn of the Republic" and then Mrs. Helen Brown Read appeared and was received with hearty applause.

Jacksonville has great reason to be proud of this highly gifted lady as her fame extends far beyond her native place, even across the sea. The gifted lady was at her best last night and her superb voice easily filled the great tent and she sang magnificently.

The young ladies joined in the choruses of the various numbers and all were received with loud applause. She sang "Till We Come Marching Home," "Swanee River," "Keep the Home Fires Burning," "When the Boys Come Home" and "Katie," a humorous stammering song.

Prof. Gilbert then called attention to the service flag with eight stars representing Edward Anderson, Carl Weber, H. Jay Rodgers, Frank Merrill, William Kinner, Audrahn Fox, W. W. Wood and Thomas Jenkins.

Then came the moving pictures which were indeed excellent. They were in five reels and entitled "France in Arms" and presented what the name indicates of the word. Artillery, infantry, cavalry, all manner of action, noted persons and in fact almost everything that could be imagined referring to the mighty conflict. They are French official war pictures released by the Cinematographic Division of the French Army thru the American Red Cross.

Everything now seems to be in perfect condition for the coming entertainments and patrons should be reassured. Especially note the rare program for today; it is well worth the cost of a season ticket.

NOTICE TO FORD OWNERS
'DEMAND YOUR RIGHTS'
Insist on having nothing but GENUINE FORD PARTS when you have to have repairs for your car. "Spurious Parts" such as are sold by accessory houses are not FORD PARTS, hence do not fit and you should not put them in your car.

FROM PEORIA TO LOS ANGELES

Mr. and Mrs. George Bremer and son who have been visiting in Peoria in the city in their Studebaker car enroute to their home in Los Angeles. They were accompanied by their friends, Mr. and Mrs. Fred Maurer in their Buick car and all were supplied with camping outfit prepared to make a leisurely trip to the far west coast and enjoy themselves as they go.

Mr. and Mrs. Maurer said they would probably remain all winter.

SWIMMING BEACH CLOSED.

By order of the state health officer the swimming beach at Nichol's park has been closed. The authorities say so and that all there is to it for the park board desire to obey the law in all things. A few days ago the board had a letter directly from the board at Springfield stating that they didn't deem it necessary after having the conditions fully explained to them but the visiting official decides differently.

A VETERAN TRAVELER HERE
Col. C. L. Belknap, veteran traveler was in the city yesterday calling on some of his friends. He has been traveling over the state as publicity agent for Fred E. Sterling and Dr. John A. Wheeler.

PATRIOTIC SERVICE LEAGUE

The Red Cross Quartette, composed of the following young ladies, Misses Helen Sorrels, Bernice Wood, Mabel Wyatt and Hilma Franz, together with the Jacksonville State Hospital Ladies' drum corps under the leadership of Miss Carrie Hoppe, will give us a splendid program Friday night. Miss Lena Hoppe will help us with some league songs and Miss Margaret Bridge, state organizer, will tell us all that we must know and do to make this great movement the success in Jacksonville, that it is becoming in larger places.

We are very sorry this meeting must be held on the opening night of chautauqua but it was impossible to get Miss Bridge at a better time. We believe chautauqua will suffer no harm but rather the contrary since Miss Bridge will address the girls at the chautauqua grounds Friday afternoon at the close of the regular program and possibly again on Sunday. She will address the State Hospital girls at 1:30 and 2:30 Sunday afternoon.

Girls be sure to be at the meeting, Friday, Aug. 23, 7:30 p. m., in the David Prince gymnasium. Recreation for Girls' Department, National Council of Defense.

NOTICE
All male persons who have reached their 21st birthday since June 5, 1918, and on or before August 24, 1918, must register on August 24, 1918.

These men should consult with the local draft board as to how and when they should register.

FORMERLY ON MONTANAN.

A number of Jacksonville friends of Willard Leidy, son of Mr. and Mrs. Charles Leidy of 863 North Prairie street, are remembering with interest that he was for a number of months in service on the Montanan, the American steamer torpedoed August 16. The young man made several trips on the ill-fated vessel and was subsequently transferred to the City of Savannah. While nearly all of the crew of the Montanan were saved, some are still reported as missing.

"SPURIOUS PARTS"
Should not be used on Ford cars. Spurious parts do not fit your car and should not be used on Ford cars. Do not be deceived by salesmanship talk, for if they were like Ford parts the manufacturers would be infringing on our patents. Insist on GENUINE FORD PARTS and take no other.

COMMUNICATION.

Editor Journal:
As we are on the eve of another election, every citizen should be interested in it. A County Commissioner is one of the most important officers to be elected.

So far as I am informed, all the men offering are good men and true.

In these troublous times, when the whole world is engaged in the most destructive war of all time, when our boys have gone from us in great numbers, and more are being called for almost weekly, the man elected to that office should not only be in sympathy with those boys, but should have a knowledge of the necessities of the nation, state and county. Such a man is Captain J. M. Swales, who has spent all his life in the service of his country, and knows its needs as well as any man in it.

Captain Swales is better qualified to fill that important office today than he was twenty years ago, for he has improved in knowledge and experience and kept up with the times during all these years, while many of us have stood still.

His honesty, integrity and ability no one will question. I am told the Captain was loath to become a candidate for office, but his many friends believing him to be the man for the place at this time, insisted, and after consulting him as of course anxious to be elected. In his announcement card he says, "I went over the top for you, won't you do as much for me." I answer with much confidence, we will.

SUITS FOLLOW COLLISION.

Charles H. Cobb and Robert Loving swore out warrants in Justice Dyer's court Thursday against Howard L. Robinson, charging speeding and assault and battery. The men allege that on the night of August 10, Robinson ran into buggies driven by them with an automobile. Mrs. Loving was thrown out and a son riding with them is said to have been thrown under the horse's heels and would have been seriously injured but for prompt action by his father. The vehicles are said to have been demolished. Mr. Cobb alleges damages to the amount of \$150 and Mr. Loving asks damages in the sum of \$275. The hearing is set for Aug. 29.

JUDGE JONES FIXES BAIL FOR SAM COOP.

Judge Norman L. Jones heard the argument of attorneys in habeas corpus proceedings Thursday afternoon in the case of Samuel Coop of Virginia. Coop was held in the Cass county jail without bail on the charge of murder, having attacked Finis Maupin last week and inflicting injuries that resulted in death. Sheriff Sligh of Cass county and Mr. Peterson were questioned and Judge Jones listened to the argument of the attorneys. W. J. Gordley represented the state and Charles A. Gridley of Springfield represented Coop. The court fixed the bond of Coop at \$3,000 which was furnished and he was released to await his trial.

ON CASH BASIS
As a patriotic duty and owing to the present conditions created by the world war, we the undersigned have mutually agreed to change our business to a strictly cash basis, beginning Monday morning, August 19, 1918.

MRS. G. T. LITER, J. A. LITER & CO.
JOINS MARINES.
J. T. Osborne received word from his grandson Ernest, son of Mr. and Mrs. Percy Osborne of Oak Park yesterday telling of his recent enlistment in the Marines. He expects to be sent to Paris Island for training but hopes to visit his grandparents before going. The young man is just a little over 18 years of age and got the "feeling" and just could not keep away.
